(as a % of each single premium contribution): 3.75%

This is determined by the fund(s) you have selected below:

Public Sector Strategy Funds	AMC
PS Adventurous Fund	1.00%
PS Balanced Fund	1.00%
PS Cautious Fund	1.00%

The Public Sector funds make use of specialised investment managers to access alternative asset classes such as forestry or commodities. The fees and costs of utilising these managers vary as the asset mix varies within each fund but are expected to total between 0.1% - 0.2% of the overall fund value each year.

Cornmarket is paid initial and renewal commission out of the opposite referenced charges for the ongoing administration and marketing of your AVC Scheme. They are not additional charges.
