POLICY RULES

The policyholder named in your Policy Confirmation has applied to DeCare Dental Insurance Ireland Limited for the benefits described in the policy for and on behalf of any insured person described in the Policy Confirmation and has paid or agreed to pay the appropriate premium for the level of cover selected.

This booklet along with your Schedule of Benefits describes the benefits that are available, but the cover that will be provided is that specified in your Policy Confirmation issued to the policyholder which attaches to and forms part of this policy. Any benefit not specified in the Policy Confirmation does not apply.

Before undertaking any dental treatment, you should carefully read the relevant section of this booklet and your Schedule of Benefits, as these will contain specific exclusions where cover is not provided. There are also general exclusions listed in Section 8 of this booklet where cover is also not provided.

You should be aware that although your dentist may recommend a particular course of treatment that is dentally necessary, it does not mean that the treatment is a covered benefit under the policy. It is important, therefore, that before you undertake any treatment you carefully consider the exclusions and general exclusions and contact us if you are in any doubt as to whether it is a covered benefit under the policy.

This insurance is effected in and subject to the laws of the Republic of Ireland. Premium payments are valid when made in euro to DeCare Dental. This insurance is effective only after the applicant has been accepted for cover by us and becomes and remains insured in accordance with the limits, notes, terms, provisions, conditions and exclusions laid down in this booklet or endorsed on the Policy Confirmation and outlined in your Schedule of Benefits.

DeCare Dental Insurance Ireland Limited provides the benefits described in this booklet and your Schedule of Benefits during the period of insurance subject to the limits of the cover and all other notes, terms, conditions and exclusions contained in this booklet.

2. Description of covered procedures

Benefits

The benefit frequency limitation for exams and cleanings is provided on a calendar year basis i.e. from 1 January to 31 December of each year. For all other covered services, the frequency limitations stated in this booklet begin on the date that the treatment is first received. The benefit frequency limitations are not determined according to your period of insurance.

We cover the following dental procedures when they are performed by a dentist and when necessary and customary as determined by the standards of generally accepted dental practice. We will not cover any cost which is unnecessary or which is in excess of the usual, reasonable and customary charges for the area where the expense was incurred.

We do not determine whether a service submitted for payment under the policy is a dental procedure that is dentally necessary to treat a specific condition or restore dentition for an individual. We evaluate dental procedures submitted to determine if the procedure is a covered benefit under your dental policy. Your dental policy includes a preset schedule of dental services that are eligible for benefit by us. Other dental services may be recommended or prescribed by your dentist, which are dentally necessary, offer you an enhanced cosmetic appearance, or are more frequent than covered by us. While these services may be prescribed by your dentist and are dentally necessary for you, it may not be a dental service that is benefited by us or they may be a service where we provide a payment allowance for a service that is considered to be optional treatment. If we give you a payment allowance for optional treatment that is covered, you may apply that payment to the service prescribed by your dentist, which you elected to receive. Services that are not covered by us or exceed the frequency of the policy benefits do not imply that the service is or is not dentally necessary to treat your specific dental condition. You are responsible for dental services that are not covered or benefited by us.

Determination of services necessary to meet your individual dental needs is between you and your dentist.

Only those services listed are covered. Maximum benefits are listed in your Schedule of Benefits. Services covered are subject to the limitations within the benefits, exclusions and limitations sections described in this booklet and your Schedule of Benefits. Subject to the General Conditions 20 and 21, we reserve the right to change benefits and/or the coverage rates during the period of insurance by giving thirty (30) days written notice.

DeCare Dental: Terms & Conditions

Please refer to your Schedule of Benefits to determine if any waiting periods apply to your policy.

If you were covered under a prior DentalCover.ie policy before this policy without a break in coverage, then the term of that previous policy shall be taken into account when calculating whether a waiting period has been met.

If you upgrade your DeCare Dental policy from Healthy Smiles Level 1 or Level 2 cover to Healthy Smiles Level 3 or Level 4 cover, you will be entitled to a 3 month credit on the waiting period for your new policy.

If you upgrade your DeCare Dental policy from Healthy Smiles Level 3 cover to Healthy Smiles Level 4 cover, you will be entitled to a 12 month credit on the waiting period for your new policy.

9. Membership

Qualifying event changes

Your level of cover and insured persons listed on your policy confirmation are intended to remain the same for the entire period of insurance. The insured person is liable for any claims incurred after their cover has ceased for any reason.

Annual renewal

The annual renewal of your policy will take place annually during the month prior to the policy's renewal date. For policies paid directly by your employer or policies where premium is deducted from your salary, which is facilitated through your employer, your first period of insurance is determined based upon the date your employer subscribed for coverage for you and the renewal date for that coverage will be the renewal date of your employer's policy. All policies are provided on an annual basis, regardless of the method or frequency of payment chosen. Policies may not be cancelled or altered mid-term. A policyholder can change Insurance Product, add or remove dependants or cancel his/her policy at annual renewal stage.

Cooling Off Period

You have the right to withdraw from the insurance policy without penalty and without giving any reason within 14 days of the receipt of your policy documentation. This is known as the cooling off period.

If you decide that you do not want to accept the policy (or any future renewal of the policy by us) tell us of your decision, in writing using the contact details provided on this document within the 14 day period and a full refund will be given provided you have made no claim in respect of these 14 days.

Termination of cover

Your cover and that of your eligible dependants will cease on the earliest of the following dates:

- a) On the date listed on any cancellation notice confirming your policy is terminated or cancelled.
- b) On the date you fail to pay the required policy payments.
- c) You cease to be eligible.

The policy may be cancelled by the policy holder within the 14 day cooling off period, on the anniversary date of the policy or in accordance with clause 21 of the general conditions, on the change by us of any of the terms and conditions set out in this rules booklet and your Schedule of Benefits.

If you terminate cover outside the 14 day cooling off period, prior to your anniversary date of the policy other than in accordance with clause 21 of the general conditions, any premium amount paid will not be refunded and a breach fee of €40 will be charged to cover our administration costs. The policy may be cancelled by us at any time if the policy holder fails to make the required premium payments or to comply with the terms of the policy.

If a policyholder terminates cover at renewal stage, he/she will be allowed to enroll 12 months after the termination date subject to the "waiting periods" (if applicable in your Schedule of Benefits).

We reserve the right to terminate the policy, in whole or in part, on the anniversary date of the policy or at any time if you or your insured dependents breach the terms and conditions of your policy. Termination of the policy will result in loss of benefits for all insured persons. If the policy is terminated, the rights of the insured persons are limited to expenses in respect of covered services incurred before termination.

While your dentist may assist you in completing the claim form, you are responsible for ensuring that the details in your claim form are accurate and correct.

All claims must be submitted within 12 months of the date on which the covered dental service was completed. An assessment of your claim will be made within 30 working days of receipt of your claim form. You will receive written notification of the benefit assessment and any applicable payment.

Any claim submitted outside the 12-month period following the date of completion of services will not be accepted for payment of dental benefits.

In order to assess your claim, we may request from you or your dentist the clinical record, together with any x-rays, digital photographs and receipts and any other documentation or information that we deem necessary to process the claim properly. If we request this documentation or information from you and you do not provide it to us or if you provide us with incomplete documentation or information, we will not be able to assess your claim and it will not be paid. We may extend the 30 working day period for assessing the claim if we need to obtain further documentation or information from you.

Clinical records including x-rays must be of an acceptable professional standard. Notes and notations must be clearly legible and x-rays must be readable. Failure to provide clinical records and x-rays of an acceptable professional standard may result in delays or denial of payment of dental benefit.

Any documentation provided by you to us will be held and used in accordance with the Data Protection Acts, 1988 and 2003.

In order for us to properly assess a claim, we reserve the right to require you to attend for an examination with a dentist retained by us.

DeCare Dental: Terms & Conditions

Appeals

If we decline your claim, you may appeal by writing to the Claims Manager, DeCare Dental Insurance Ireland Limited, IDA Business Park, Claremorris, Co. Mayo, Ireland and setting out clearly the reasons why the claim should be paid. Any appeal should be received by us no later than 30 working days from the date of the benefit assessment, otherwise your appeal will not be considered.

You should enclose all relevant documentation with your letter. We will review your appeal within 20 working days of receipt of it. Documentation may include copies of clinical records, x-rays or anything which you feel may support your claim or which we have specifically requested from you.

At appeal stage, your entire case history will be reviewed once again considering all relevant information. If, after reviewing your appeal, we are of the view that the treatment is a covered benefit under the policy, we will arrange for payment to be made to you. If we are still of the view that the claim should not be paid, you may request that you attend for a dental examination by an independent dentist nominated by us. We and you agree that we will take into account the independent dentist's clinical assessment. However, we will make the final benefit decision based on the terms and conditions of your policy. Should you not be satisfied with the outcome of this internal appeals procedure, you are entitled to use the services of the Financial Services Ombudsman, 3rd Floor Lincoln House, Lincoln Place, Dublin 2, Ireland. LoCall: 1890 88 20 90.

Claim payments

Payments are made by us only when the covered dental procedures have been completed and you have submitted a properly completed claim form. We may require additional information from you or your dentist before a claim can be considered complete and ready for processing. Duplicate claims previously processed will be denied.

Any benefits payable are not assignable by any insured person or any eligible dependant of any insured person.

Claim payments are based on the amount charged by the dentist or the benefit limit, whichever is less. We reserve the right to limit claim payment to what we deem to be usual, reasonable and customary costs. Claim payments are normally sent directly to you. However, we reserve the right to assign benefits to the dentist. The insured person is responsible for all treatment charges made by the dentist.

Optional treatment plans

In all cases in which there are alternative treatment plans carrying different costs, the decision as to which course of treatment to be followed is solely that of the insured person and the dentist; however, the benefits payable hereunder are made only for the applicable percentage of the least costly, commonly performed course of treatment, with the balance of the treatment cost remaining the payment responsibility of the insured person.

Post payment review

Dental services are evaluated after treatment is rendered for accuracy of payment, benefit cover and potential fraud or abuse. This may include review of dental records. Any payments we have made for dental services completed solely for cosmetic purposes or payments for services not performed as billed, are subject to recovery by us.

3. Your contract is governed by the laws of the Republic of Ireland.
4. The person purchasing the policy must be 18 years of age or over on the commencement date of the policy. A policy can be obtained for an individual under 18 years of age, provided that it is purchased by an adult over 18 years. The Terms & Conditions must be approved by the adult purchasing the policy, who will become the contracts legal owner, on behalf of the minor. We will therefore require the email and contact details for the purchasing adult in order to provide policy documents that form the member's contract.
5. You must declare to us all Material Facts that may affect this insurance. Failure to do so may prejudice entitlement to claim. If you are uncertain as to whether a fact is material, you should declare it to us. If no additional material facts or change in material facts are declared to us within 14 days of the date of issue of the Terms and Conditions, we assume that no material change has occurred
6. We must be immediately informed of any change in the information given on application, in particular relating to an insured person's address, the birth or adoption of a child, or any other change involving a policyholder's dependants.
7. The policyholder, when dealing with us, acts for all insured persons on the policy.
8. Your policy will last until your next renewal date. At the renewal date, you can renew your policy by paying the premium we request. We will tell you the amount of your premium before each renewal date. Your premium must be paid within 15 days after it becomes due. Otherwise, we will not pay any benefits and we may cancel your policy. In addition, to cover limitations mentioned elsewhere, we will not pay benefits for expenses which the policyholder is not liable for or for expenses which you are entitled to recover from a third party.
9. We will not disclose non-public personal financial or health information concerning persons covered under our dental benefit plans to non-affiliated third parties except as permitted by law or required to adjudicate claims submitted for dental services provided to persons covered under our dental benefit plans.
10. If you ask us to remove an insured person from your contract, we have the right to tell the insured person that he/she is no longer covered.

DeCare Dental: Terms & Conditions

11. An insured person's full compliance with the terms and conditions of this policy is necessary before a claim will be paid.
12. An insured person will be required to reimburse to us, within one month of our request to do so, any costs or expenses we have paid out on an insured person's behalf which are not covered under the terms of this policy.
13. An insured person must give us written details of any claim as requested by us. An insured person must submit to examination at our expense as often as we require. An insured person must supply us with a written statement substantiating the claim, together with (at an insured person's own expense) all original invoices, certificates, information, evidence and receipts that we require.
14. If another insurance company or a state scheme pays part of an insured person's claim, an insured person must send us the original bill, which clearly shows the amount paid by the other insurer or scheme.
15. Please note that receipts will not be returned following assessment of your claim. Therefore, you may wish to retain copies prior to submission.
16. If an insured person is entitled to claim under another insurance contract with us for any costs, charges or fees for which you are insured under this contract, the combined payment made to you cannot exceed the actual amount of the expense which you incurred.
17. If any fraudulent claim is made or if any fraudulent means or devices are used to obtain any benefit under this insurance, this policy will become void and the premium paid will be forfeited. Any benefits so claimed and received must be repaid to us.
18. If you are only eligible for benefits because of your employment, all cover under this policy will cease on the date of termination of your employment.
19. This insurance is an annual contract subject to renewal for subsequent periods of insurance by mutual consent between the policyholder and us. We reserve the right to alter premiums, terms and conditions or to refuse to renew the contract for any period of insurance in the pursuit of our legitimate commercial aims without any obligation to give a reason. If we elect to alter the premiums, terms and/or conditions or refuse to renew the contract, notice of such change will be given to you prior to the renewal date. Your premium may be automatically increased by the amount of any tax, levy, or other similar charge of any kind made or imposed on us by the government of Ireland or agency thereof. The amount of such additional charge shall be determined solely by us and shall be automatically added to the amount of your premium payments to be paid.
20. We may for legal or other reasons make any changes to the terms of your membership of the scheme and your premiums at any time if we are required to do so by law. We will write to tell you about any such change as soon as is reasonably practical and you may end your membership of the scheme within 14 days of us telling you about the change. If as a consequence you end your membership, we will refund any premiums that you have paid for the period after your membership ends.
21. If a change to a customer account results in a premium refund/shortfall of less than or equal to €10 no charge/refund will be made due to the administration costs involved.
22. If we offer renewal terms in writing, this policy will automatically renew for a further 12 months on those renewal terms unless the policyholder has advised us within 14 days in writing of their unwillingness to renew such terms.
